Dear Pastor & Church Family,

Our first Basketball Tournament Outreach was a success! Many of the twenty four young men heard the Gospel of Jesus Christ for the first time! All were very attentive and respectful. It was only after the tournament that we lead Marcus a seventeen year old to the Lord! He attended both days and heard the gospel several times before he understood. One soul saved makes it worth it! But I believe it would be worth all the work and finances even if no one was saved because they first have to hear the Gospel and that they did.

I want to thank all of you who prayed for the tournament, thank you for helping with the finances and also a special thank you to Evangelist Jereme Lewis and Missionary James Hoffmeister. You both did an excellent job in preaching, playing and supporting this outreach effort. Thank you for your sacrifice.

We gave out the Playbook, a 365 Day Devotional to every man with two Gospel tracts inside. In following up we learned that one boy was reading the devotional with his mother daily. Another young man said he had read both tracts and recited the tract to us. In another followup we met the dad of the young man who attended and that door is still open to us. We learned that they are from the Karen tribe in Myanmar. Please pray for our continual outreach and effectiveness in this area and these mentioned to get saved. Thank you for all your support and encouragement.
