Dear Friends of the Gospel,

March 2017

Thank you so much for your prayers, correspondence, and support. We feel so honored to represent y'all in Colorado. I am shown daily that God doesn't need me but He wants to use me and for that I am extremely thankful!

Much has gone on in the last three months. You already know about the building and the problems with that through our letters. We were pretty disappointed but we know God is in control. We are seeking what He wants us to do now. Please pray with us for God's will to be done. I see a building being a great help but God may see it differently.

We have recently had a lady visiting our church who used to be a caregiver for Miss Shirley (Our shut-in that died last year). She came forward about four weeks ago and said she wanted to get baptized as she believed her baptism was not good. She has given a testimony of salvation and we are now seeking a way to baptize her. How we have done it in the past is not available to us now. She is in her 60's and therefore I cannot baptize her in the river as it may give her a heart attack because of how cold it is. We are excited though that one wants to join God's work here.

In March my family and I were invited to preach in two different churches. Temple Baptist Church in Midland, TX is a supporting church with a new pastor. Bro. Davis wanted to meet me and invited me to be one of the missionaries speaking in their missions conference. We had a wonderful time. Thank you Temple BC! I met Bro. Van Dyke last year in Oklahoma City at the H.O.P.E. conference. He invited us to come and present our work with the hopes of support. Countryview Baptist Church in Udall, KS was very hospitable and we had a good time with them as well. Thank you Countryview BC! I hope we were as much a blessing to them as both of these churches were to us.

My family is doing well. My wife continues to homeschool our children and does a tremendous job. Michael is working at a lumber yard now and enjoys it. His boss told my mom the other day that he is unlike other teens. He doesn't have to worry about him as he is always working. What a blessing! He also earned his drivers license this month and covered for dad in the pulpit while the rest of the family was at the meetings spoken of earlier. JP continues doing odd jobs while his regular job as a shed builder is off for the winter. All the kids are growing so much! I have attached a new family picture for your missions board and/or personal use. One of the biggest blessings came in February. God sold our house in NC!!!! What a burden off of us! God is so GOOD! Thank you for your prayers for this.

God bless y'all! Keep praying please!

Pressing On, Mike Thornsley and Family
