

Praise & Prayer Report

March 2024

WITH GOD: all things are possible

Our theme for 2024 has exploded with meaning as we studied Moses' encounter WITH GOD from Exodus 33. There is no way any of us will make it in this next volatile season of elections without a strong reliance upon the God of the impossible!

GraceWay is still praying and working to find a building on Capitol Hill. In the meantime, we began a new service at 9am on Sundays to make room for growth. On the other hand, we will lose seven families to work-related moves this year. It is daunting to work in one of the most transient areas of the country, but we are trusting God to continue to bring a harvest as we faithfully labor to plant the seed.

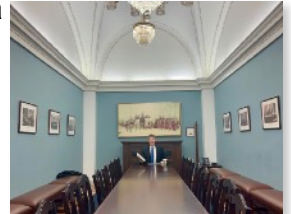

Baptizing Them in the Name...

This month we baptized Jason - yes, outside in February! He had been saved previously, but needed to make the commitment to publicly confess Christ. He is currently being discipled and is vibrantly alive in Christ. **Please keep Jason in prayer.**

Capitol Prayer Meeting

I requested and was granted a room in the Capitol weekly for this second half of the 118th Congress. The first week I went early, but was unable to get into the room because President Zelensky was meeting with a congressional leader. At the appointed hour, I was granted access.

My format is simple: share a verse or two and pray. The first half an hour is dedicated to members; the second half is dedicated to staffers. Currently, our numbers are small, but we have seen God move powerfully among us. If you are able, **please set an alarm for Wednesdays at noon and pray with us for our nation.**

With Grateful Hearts

We celebrated nine years on Capitol Hill last month. It has been

nothing short of miraculous to watch God work. Souls have been saved and rescued from certain destruction. Prayer

has changed the course of our nation, both in the Supreme Court and in Congress. Your sacrifice is not wasted—it has enabled us to stick, stay, and make it pay! **We pray for many more souls to your account in 2024.**

WITH GOD,

Brad Wells & Family
